

Room equipment list

In addition to furniture, each room includes bed linens, kitchen utensils, and household items. Each apartment consists of two single rooms with a shared kitchen and bathroom. Additionally, residents share a common hallway, living room and balcony.

Please note that some of the equipment shown in the website photos may not be included in your room. Be sure to carefully read the list below to check which furniture and household items are available in your apartment. If anything is missing, please report it to info@anttikorppistudenthouse.fi. This ensures that you are not held responsible for missing items.
